

Set up your GiveAsia page

STEPS:

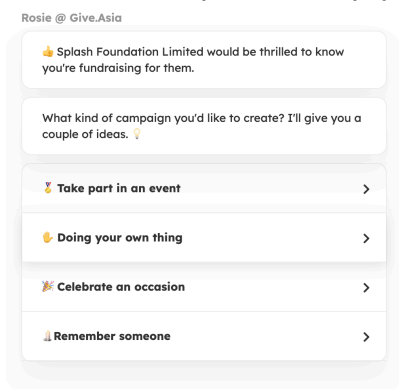

1. Log in or set up your account by going to <https://give.asia/signup>

2. Once you've logged into your account, go to [Splash Foundation's Give Asia page](#) and scroll down to click on 'Start Fundraising'

3. Follow the steps to set up your campaign page

4. Make your page URL short and simple so it is easy for donors to get to
5. Add photos and a campaign story that shares why this cause is meaningful to you. See a story and fundraising message example below:

CAMPAIGN STORY EXAMPLE

*** THANK YOU FOR SUPPORTING US! ***

Most of the world can't swim and they are largely women and people from low-income communities. Splash Foundation teaches thousands of adults and children from under-resourced communities to swim for free each year.

We're targeting to raise **XXXX** by **[EVENT]**. Our team includes colleagues **X, X, X and X**. All of us learned to swim at a young age and find great joy and wellbeing through swimming.

Our target of **XXXX** will help **X (\$2000 per person)** number of people to learn to swim. We would really love your support to reach it.

Donating is really simple and secure. The money will directly go to Splash Foundation Limited.

FUNDRAISING MESSAGE

Hey,

Did you know that half of the world doesn't know how to swim? Swimming is a life skill but inaccessible to many - particularly women and children from low income communities.

That is why I'm **taking part/hosting [EVENT]** and fundraising for Splash Foundation. We're targeting to raise **XXXX**. My team includes **my colleagues/friends X, X, X and X**.

I'd love your support! Our target of **XXXX** will help **X (\$2000 per person)** number of people to learn to swim.

You can donate to our online fundraising page www.give.asia/XXX or if you'd like to avoid platform fees, particularly for larger amounts, Splash also accepts Bank Transfer/FPS/cheque donations - just remember to put our team name in the reference note!!
